Re: OU 14 Work Plan

Dear Mr. Schassburger:

EPA has received your November 17, 1993 letter (93-DOE-12796) regarding the OU 14 Work Plan on which we withheld approval in November, 1992. Since that time, significant progress has been made on the Industrial Area IM/IRA, and the Industrial Area remedial investigation approach has been consolidated. This being the case, we agree that it is now appropriate to proceed with the non-intrusive portions of the plan under the consolidated program. Thus, as lead regulatory agency for OU 14, EPA is hereby granting approval of the OU 14 Work Plan. We hope this will allow fieldwork to proceed as scheduled.

If you have questions or would like to discuss the progress of this effort, please contact Bill Fraser (EPA) at 294-1081.

Sincerely,

Martin Hestmark, EPA
